SOMMELIER CLUB

Welcome to the Blackwood Lane Sommelier Wine Club. At Blackwood Lane Winery we ensure you will be drinking pure wines, made without the use of harsh chemicals or additives. We rely upon well-grown grapes, fine French oak barrels, tried and true traditional French winemaking practices, and time to work its magic.

Blackwood Lane red wines are aged at least three years before being released for you to enjoy. This helps to create a natural, smooth, well-integrated wine that offers layers of fine flavours and aromas. Blackwood Lane wines are hand-crafted to become delicious fruit forward wines with very fine tannins. Our red wines can be cellared for many years; however, we release them only when we feel they are ready to drink as well if you prefer not to cellar the wine.

As a Sommelier Wine Club member, you will receive a 10% discount on Sommelier Series wines (The Reference, Alliance, Cabernet Sauvignon, Cabernet Franc, Merlot and select whites). We will ship four wines to you quarterly each year. The maximum cost of each wine shipment will be \$200, credited to your credit card. Your wine will be delivered to you free of charge to an address within Greater Vancouver. If you are an out of area club member, a minimal shipping charge will be added and your wine will be delivered via Canada Post.
